Why Use a Professional Marine Broker?

Boat transactions usually involve large financial investments. Transactions today usually exceed \$100,000, and in some instances can exceed \$3,000,000. If you had a \$100,000 income tax problem, would you attempt to handle it without the help of an Accountant? If you had a \$100,000 legal question, would you deal with it without the help of a Lawyer? Considering the small upside cost and the large downside risk, it would be foolish to consider a deal in yacht brokerage without the professional assistance of a qualified Marine Broker. But if you are still not convinced of the value of a Marine Broker, here are a dozen or so more reasons to use one.

WHEN BUYING A BOAT

Professional Marine Brokers have resources available to them that most boat buyers do not have. In particular their access to sophisticated and reliable multiple listing services can save time in narrowing the field of yachts that meet a buyer's requirements. A broker's participation in professional boat brokerage associations also provides the connections necessary to find those boats that are not yet on the market or that are not being actively marketed by their owners.

The Result: You, the buyer, have a qualified list of boats to choose from and more time on your hands to look them over.

A Marine Broker can assist in the selection process by helping the buyer clearly define his boating requirements and by providing objective information needed to evaluate each boat. Sometimes it is necessary to have that more objective point of view.

The Result: You the buyer, have a better understanding of what you want and need and a list of pros and cons to help with that final decision.

Marine Brokers can help in the negotiation phase of the project. There are myriads of negotiating factors, including but not limited to price, financing, terms, date of possession and often the inclusion or exclusion of repairs and furnishings or equipment. There may be give and take associated with every step and often it is good to have an objective, experienced broker to help sort it all out, to prepare a purchase agreement and to manage the escrow.

The Result: A smooth closing.

Marine Brokers can provide local information on different yacht services, such as, engine repair, Berthage, and inspection services.

The Result: Quality and affordable services.

An experienced and professional Marine Broker will advise the buyer throughout the due diligence process of evaluating the chosen yacht. Recommending the extent of the survey to be used in the inspection and helping to identify the most qualified individuals to conduct the surveys are two key functions of a knowledgeable and experienced broker during this phase.

The Result: A clearly defined survey report to ensure that the buyer gets what is paid for.

The Marine Broker can assist in yet another step in due diligence process, making sure that the title to the boat is clear. Title indicates ownership of the boat and can be mired in a confusing status of past owners or rights of access. If the boat is a foreign flagged boat, set up as a corporation, or existing under any number of other special circumstances, the services of a professional Marine Broker will become even more valuable.

The Result: A smooth closing and clear sailing for the buyer.

A Marine Broker can help the buyer understand different financing options and aid in determination of actual buying power. Given some basic information about available savings, income and current debt, the broker can refer the buyer to the lenders best qualified to provide the necessary service.

The Result: Long term financial stability for the buyer.

A Marine Broker will guide you through the closing process and make sure everything flows together smoothly.

The Result: A happy buyer.

WHEN SELLING YOUR BOAT

A Marine Broker is obligated to get maximum exposure to each and every Central Agency Listing. Advertising to the public is a critical factor, but the fact is that it is a rare occurrence for a broker representing a boat to provide the buyer. In most markets across the country, over 55% of boat transactions are cooperative sales throughout our brokers. And who is best equipped to reach those other brokers? Your Marine Broker! Through worldwide Multiple Listing Services and other cooperative marketing networks, open boats for the public and other Marine Brokers, or personal contacts, your Marine Broker has the tools to maximize exposure to your boat.

The Result: Qualified buyers on you boat.

During the selling process, your Marine Broker can give you up-to-date information on what is happening in the marketplace including price, financing, Marine Insurance, terms and condition, of competing boats. Your Marine Broker can recommend repairs or cosmetic work that will significantly enhance the salability of your boat. These are key factors in getting your boat sold at the best price, quickly and with minimum hassle.

The Result: Quality offers.

Your Marine Broker will know when, where and how to advertise your boat to the public. Responses to advertising are pre-screened so that only qualified prospects are shown through your boat. You, the seller, can be free of concern about the safety of your property as your Marine Broker accompanies prospects during this preview process and beyond.

The Result: More free time for the seller.

Your Marine Broker can help you objectively evaluate every buyer's proposal without compromising your marketing position. This initial agreement is only the beginning of a process of appraisals, inspections and financing which could lead to a lot of possible pitfalls. Your Marine Broker can help you write a legally binding, win-win agreement that will be more likely to make it through the process.

The Result: A smooth closing.

Your Marine Broker can help close the sale of your boat. Between the initial sales agreement and closing (or settlement), questions may arise. For example, unexpected repairs are required to obtain financing or a cloud in the title is discovered. The required paperwork alone is overwhelming for most sellers. Your Marine Broker is the best person to objectively help you resolve these issues and move the transaction to completion.

The Result: Less Stress for the seller.

Servicing Marine Industry Since 1981

WE OFFER THE FOLLOWING

- Launch & yacht sales
 - Marina berth sales
 - Marine insurance
- A large database of vessels from all over NZ
 - Contacts overseas for offshore vessels

ARE NOT JUST BOATS.

For over 30 years, Seawind Catamarans has been designing and building some of the world's best performance cruising catamarans. Australian-built, globally trusted.

Founded by Richard Ward, an experienced yachtsman who has competed in the Sydney to Hobart Yacht Race. The following design principles have been followed to offer the best experience at sea onboard what we think is the Perfect Pacific Cruiser:

- Sail like a Sail Boat
- Engineered to Endure
- Anyone can operate
- Weather Protection at the helm
- Indoor/ Outdoor living
- Natural Ventilation
- Don't Waste Space

That's why Seawind catamarans aren't just boats. They're homes on the water.

1984 Lotus 10.6

\$38,500

Launched approximately 1984, GRP construction, powered by 40hp Lambardini diesel, 2018, 430 hours. Alloy mast, s/steel rigging, tiller steering, 4 x Maxwell cockpit winches - 2 on cabin top. Furling headsail, good sail wardrobe, hard bimini, dodger, anchor winch. 2 Double berths and 3 singles. Electric toilet, electric chest fridge, gas hob/oven. Electronics include VHF, SSB, GPS/plotter, wind, stereo/CD. Popular by design, vessel in need of some TLC.

Brian Worthington, Tauranga
027 447 2393
tauranga@gulfgroup.co.nz

Code: 1058

1976 Cavalier 36

\$55,000

Launched approximately 1976, GRP construction, powered with a brand new Volvo 30hp, just 5 hours. Particularly well cared for example with one owner for the last 43 years. Very strong, go-anywhere boat with offshore capability. Good sail wardrobe including a new genoa. Well maintained mechanically, 2 new 130 AH deep-cycle batteries. Sailed single handed most of the time and very easy to handle. The purchaser of this boat can negotiate the rental of vessel's Gulf Harbour berth.

David Faulls, Gulf Harbour
021 940 455
gulfharbour@gulfgroup.co.nz

Code: 1092

1989 Oceans Alexander

\$250,000

15.5m Ocean Alexander, launched 1989, Ed Monk design. GRP construction, aft cabin and cockpit, with walk through transom. Aft island berth with ensuite, forward guest cabin with ensuite. Powered by twin 375hp Caterpillar engines, 3102 hours. Genset, inverter, bow thruster, autopilot/VHF/GPS/plotter/radar, battery charger, dinghy and outboard, washer and dryer, dive bottle rack, BBQ. Twin station, very tidy vessel.

Nigel Misseldine, Wellington
021 415 220
nigelm@gulfgroup.co.nz

Code: 1241

1983 Vindex 350

\$119,000

Vindex 350, GRP construction, built by Noblecraft, launched 1983, powered by D4 300 HP Volvo diesel on Duo Prop leg, repowered 2009, 1700 hours, cruise 22 knots, 2 stations, auto anchoring, hardtop, rocket launcher, inflatable, outboard, boarding ladder, covers, holding tank, toilet, shower, fridge, freezer, 2 burner/oven/grill, 2 cabins, 8 berths. Electronics include VHF, GPS/plotter, fish finder, autopilot, stereo. Great family cruising launch, popular by design.

Brian Worthington, Tauranga
027 447 2393
tauranga@gulfgroup.co.nz

Code: 1254

1988 Vindex 350

\$110,000

Launched approximately 1988, GRP construction. This is a smart and tidy vessel with new covers and carpet throughout, well set up to go cruising, with a recent mechanical overhaul. Priced to sell with good equipment and accommodation for 8, with a big double in the main sleeping cabin. Powered by twin 165hp Volvo diesels delivering 14-24 knots, twin helms. Recent full overhaul includes fully reconditioned engines. One new sternleg and one fully serviced. Comes with well documented service history along with invoices for the recent work. A great launch layout and ready to go boating now.

David Faulks, Gulf Harbour
021 940 455
gulfharbour@gulfgroup.co.nz

Code: 1359

1955 14m Jim Young

\$130,000

Big, classic displacement launch designed for bluewater passagemaking. Currently used for coastal cruising and the owner has completed regular upgrades and refurbishment retaining the character of the vessel, but utilising modern technology and systems to ensure on-going reliability.

David Faulks, Gulf Harbour
021 940 455
gulfharbour@gulfgroup.co.nz

Code: 1522

1988 Salthouse Corsair MK11

\$125,000

Salthouse Corsair MKII Extended cockpit, launched 1988, GRP construction, powered by twin 200 HP Volvo diesels upgraded to model 41 B, Duo Props stern legs, cruise 15 Knots, game rigged, game chair, rocket launcher, roomy cockpit, auto anchoring, inflatable and outboard, solar panel, shore power, hard top and clears. Manual toilet, shower, cockpit shower, fridge, freezer, 2 x burner/oven, 2x cabin, 1 x double, 6 x single berths. Electronics include VHF, Furuno combo GPS/plotter/fishfinder/depthsounder thru additional screen, radar needs attention, stereo. Ex surveyed vessel suitable for family fishing and cruising.

Brian Worthington, Tauranga
027 447 2393
tauranga@gulfgroup.co.nz

Code: 1591

1977 Lidgard 38

\$70,000

Built by Lidgard Boat Builders, this Lidgard 38 has had almost everything done. Triple diagonal kauri glassed. New in 2018, 50hp Beta engine plus 3-blade feathering propellor. 2020 Saw a complete repaint, all new deck fittings, new rigging, new halyards plus all new electrical switchboard. All through-hull seacocks were also replaced at this time. The boat has a good selection of sails, plus wind vane steering. Double berth forward, 2 x quarter berths aft, a single in the saloon and the option for a further double when the saloon table is dropped down. Good galley and a roomy cockpit. Wheel steering. This is a good, strong boat and it wouldn't take a lot to get her ready for offshore cruising.

Craig Littlejohn, Bayswater/Westhaven
027 490 3411
westhaven@gulfgroup.co.nz

Code: 1800

1993 Ross 35 Mk 11

\$95,000

westpark@gulfgroup.co.nz

Code: 3282

1991 Lidgard 50

\$650,000

Built in 1991 by B. Jones with a composite glass/ply and duocore hull, this NZ-designed vessel is made for our coastal conditions. She's strong, stable and beautifully proportioned at 15m long, with a 4.6m beam and 1m draft — perfect for exploring shallow bays or anchoring off secluded beaches. Powered by twin Volvo TAMD 74 EDC 475HP engines (2003), she cruises effortlessly at 23 knots. With a top speed of 27 knots and 1365L of fuel in stainless steel tanks, she's built for long-range cruising. The 2025 refit was extensive — over \$400,000 invested. This is a rare opportunity to own a true NZ pedigree powerboat, restored to near-original condition. She's turnkey ready. Would consider trade. Message now to arrange a viewing or chat about options. Replacement value over \$1.5M — priced to sell.

Alistair Newbold, Whangarei

1987 Vindex 36

\$120,000

From the drawing board of Jim Young, this extended Vindex 36 was professionally built in double diagonal timber glassed over and launched approximately 1987. Repowered 2004 with twin shaft drive Hino 150hp giving 9 knots cruising. 6'2" Headroom with spacious accommodation, 5 single and 2 double berths, tidy presentation throughout. Good electronics including VHF, log/speedo, chartplotter, fishfinder, depthsounder and stereo. This is a well-presented twin station family gulf cruiser that's ready for her next owner.

1980 Mummery 40

\$115,000

A well-proven 1980 Mummery 40, purpose-built for offshore cruising and proudly showcasing Kiwi craftsmanship. Constructed from triple skin Kauri, her interior is a standout feature — warm, durable, exposed timber shows off her Kiwi heritage. Powered by a Volvo Penta 40 (approx. 2,300 hours), offering reliable motoring when needed. Her aluminium sloop rig, paired with a Windpilot self-steering system, makes her ideal for short-handed sailing and long-distance cruising. The sails are in good condition, and her layout is functional and sea-kindly. Equipped with a solid range of safety gear, giving peace of mind whether you're planning a coastal hop or bluewater voyage. She's a genuine offshore-capable yacht with the right blend of character, strength, and simplicity. This is a rare opportunity to own a...

This popular brand Vindex 36 launch is reluctantly for sale. Launched in 1979, triple diagonal Kahikatea glassed. Powered by a 210 Caterpillar engine which has just undergone work to give the next owner trouble free running. The open plan design makes for a roomy boat. Popular aft galley layout, 2 double berths and 2 singles provide ample accommodation for family and friends. Plenty of room in the flybridge and cockpit. There is a good array of electronics, Zodiac tender and Suzuki outboard - new 2020.

2017 Scott Robson 9.6

\$320,000

Built for Offshore Performance (PRICE REDUCTION now asking \$320,000!) The "Fish Eagle" is a solid, offshore-capable boat with an 8mm thick hull, ensuring durability in tough conditions. Built by Pinnacle Boats to their high standards, it is in current Maritime NZ survey MNZ 136108 for nine persons total including one crew – renewed Sept 2025. Powered by a Volvo Penta 370hp engine and a 600 litre fuel tank, this boat has the range and power to get you to those hard-to-reach fishing spots. The striking fish graphics make it stand out wherever you go. The triple axle, braked trailer will have a new WOF and registration on sale. The vessel is usually in survey when used but owner currently has on hold. Price has been reduced from \$340,000 now to \$320,000!

1909 JJ O'Rorke

\$29,000

"Loloma", the classic JJ O'Rorke traditional timber mast gaff rigged keel cutter from 1909. D/D Kauri planking with additional 2 skins added during 1980's Auckland maritime historian Harold Kidd restoration. A good selection of sails including 2 head sails, stay sail, main sail, top sail with 2 spars and a spinnaker pole. Volvo 10hp diesel spinning a folding Max prop. "Loloma" sports a modern marine toilet with holding tank. A battery bank provides electricity with regeneration from a movable solar panel. "Loloma" has been much loved throughout her 112 years and has just had a spruce up on the hard with new antifouling, prop speed, hull polish and engine service. "Loloma" is, by all accounts, a joy to sail and if you want to be the next one to become bewitched by her classic lines.

2018 Rayglass Legend 2800

\$250,000

Winning the 2015 Boat of the Show Award, the Rayglass 2800 has been given the recognition it deserves, as over 200 owners can attest to. Particular attention has been put on the layout to make the best use of space. This has worked exceptionally well as the design of the cabin and helm area really open up the cabin, and give more space for a larger galley - 2 people can now easily stand together. Large double berth, Mercruiser 260hp. This example has all the usual Rayglass 2800 features and more. Sounds amazing!! Solar panels.

Vendor would consider Selling a half or third share.. Designed by the legend himself, Bruce Harris. He designed and built the original Shark Cat catamarans that have been copied world over. The hull moulds continue to turn out great boats. They are sleek, elegant and known for their great fuel economy. The fine entry and lower horsepower motors give these boats great performance. She is economical at 9l/hr combined at 8knts and WOT is just over 55l combined to push you along at around 18knts. These fantastic figures present an amazing boat for cruising long or short.

2003 Silverton 330

\$120,000

Price Reduction Built in the USA, well-maintained. A standout example of the popular Silverton 330, with a spacious galley and saloon, this vessel offers a generous amount of room for entertaining, relaxing and enjoying life on the water with friends and family. Powered by twin Mercruiser 383hp engines, for enjoyable and comfortable cruising at 14 - 16 knots, with a top speed of 28 knots, offering a great balance of comfort and performance. Tidy, well-equipped and ready to go - perfect for summer cruising in one of New Zealand's most spectacular boating regions. Located right in the heart of the Sounds at Havelock Marina, her berth is transferable to the new owner - a fantastic bonus making it easier to step aboard and start your next adventure. The owner would consider a trade on a yacht.

2016 Custom Built 11m Gamefish

\$380,000

This 11m overall alloy fishing machine was designed and built by Chris Knight of Knight Engineering "Awanui" for his own personal use and launched in 2015 for fishing the far north and Three Kings area. She is powered by a single 400hp D6-400DP Volvo Diesel motor (only 1,000hrs), fitted with a Volvo Duo Prop Stern Leg. This gives a cruising speed of 22 knots with a top speed of 30 knots. There is comfortable accommodation for 4 passengers with a large working platform and open transom for ease of boarding those 1,000lb Blue and Black Marlin and lots of "Stripies" that cruise the King bank, Middlesex Reef and the 36 mile grounds. Not forgetting bottom fishing for which she is equipped with an electric line hauler for persuading those huge Bass, Bluenose and Hapuka up from the deep.

1955 Trawler Style 13m Classic

\$135,000

Built in 1955 by Curnow and Wilton, "Santa Maria" has been beautifully maintained. Her classic build makes for a unique liveaboard straight out of a storybook. She was built for fishing hapuka and crays in the Cook Strait and is solid, strong and comfortable. "Santa Maria" subsequently worked various roles around the rest of the country and is a unique part of history. Professionally converted around 20 years ago, she is a much-admired vessel. She is a credit to her current owners. All general maintenance is taken care of with much love and her paint and varnish work is in excellent order. The saloon and galley are light, spacious and comfortable. The dining arrangement can be re-configured to a double bed and there is also a large and private master cabin. There is a large separate head with a...

Whether you're cruising the Sounds or planning a weekend escape, this vessel combines sporty performance with weekend ready comfort. Powered by twin 200hp Volo engines that were last serviced in November 2024, with the external legs serviced in January 2025. 2 x 300L Fuel tanks for long-range cruising. Bow thruster for easy docking and manoeuvring. Hot water system and electric toilet for onboard comfort. Fish finder for keen fishers. Inflatable Zodiac tender powered by 2hp engine, great for exploring shallow waters. Recent upgrades include new clears, ensuring visibility and protection in all conditions. The owner would consider a trade on a Buccaneer Power Boat (or similar) and cash difference.

1988 Cooper 60

\$667,000

Luxury living with push button sailing. Expansive teak decks and pilothouse are great areas for watching magical summer sunsets. Couple this with her stunning teak interior and you have a yacht that stands out from the crowd. She is a GRP cutter rigged, blue water pilothouse sloop manufactured for the harsh North West Pacific environment. Her low aspect cutter rig employs Hood hydraulic stowaway mainsail, hydraulic furling genoa, and furling staysail. 5 Hydraulically powered winches control lines to the cockpit. The pilothouse has a second helm position with all essential controls. The 165hp Perkins powers the vessel to a comfortable 8 knots giving a range of well over 1700 miles.

1974 Alan Mummery

\$35,000

"Ibis" was built on Waiheke Island by Alan Mummery. In her travels she has sailed the Hauraki Gulf then down to the South Island Tasman Bay, Marlborough Sounds and D'Urville Island. She is a proven straight forward yacht to sail. Before her current owner "Ibis" was owned by a family for 30 years crossing Cook Strait with ease. She is a quick and agile racer and is well set up for day trips or longer cruises. Alan Mummery designed this boat for himself in 1979 making her a true classic from a well known boat designer.

1994 Sandy Jones 38

\$85,000

Sandy Jones design sloop launched in 1994 - This yacht has a Farr 38 rig and keel, with an interior that provides plenty of space and headroom. The hull is a solid triple skin kauri construction glassed over and she is powered by an efficient, modern Volvo D2-40 which was installed new in 2015 along with a sail drive. Cozy interior capable of accommodating up to 7 people over night. Headroom in the saloon is 6'4". The sail wardrobe consists of mainsail with slab reefing, a genoa on a furler and a spinnaker. This yacht can be sailed comfortably shorthanded or solo thanks to her Raytheon Autohelm and all lines leading back to the cockpit.

ABOUT US

The Oliver legacy returns. Oliver Marine offers superior inflatable tenders crafted with 6th-generation expertise. Quality tenders built for sailors, by sailors.

The Oliver Marine legacy represents over 150 years of New Zealand boatbuilding excellence, established through three generations of master craftsmanship in Tauranga New Zealand. Renowned for producing high-performance luxury launches like the Oliver Royale and Corinthian series, the Oliver brand set industry standards for superior design and seaworthiness. Even decades after original production, Oliver vessels maintain exceptional market credibility and are regarded as 'Kiwi icons' built for durability in harsh coastal environments.

Years later, as we move into the market for inflatable boats, we stand for this same quality which means long-term structural integrity and timeless aesthetic.

56+	POA

Packages Include:

- Travelift Out
- Waterblast
- 3 Days Ground Rental
- Drysanding
- Wetsanding
- Masking/Unmasking
- Ablative, Copper-Based Antifoul and Application
- Return Travelift

*Prices include GST and are calculated for LOA of vessel in feet. Please note that additional labour charges may apply for excess fouling, cleanup, antifoul build-up removal, aluminium surfaces and hydraulic swim or boarding platforms. Anodes and scoops can incur extra costs. Three-day turnaround depends on weather conditions. Upgraded antifoul systems are available upon request. PropSpeed, Sternlegs and Saildrives can be added as an additional service.

Both of our big boat relocation trailers are fitted with guards to protect your boat from stone chips.
